over 150 years has been compressed into 60 years. In turn, this time compression of development is what the middle and lower income countries are also seeking to achieve but over an even shorter time scale. It is also over those sixty years in which South Korea was transformed in an urbanised society; now 82% of the population lives in urban areas.

Nature Conservation in England and Germany 1900â€™70: â€

England and Germany 1900â€™70: Forerunner of Environmental Protection? KARL DITT Nature plays a significant role in the discussion for and against modernism, which got under way from the late eighteenth century onwards. The rationalists of the Enlightenment considered not only human nature, but also the whole uncultivated realm of nature beyond, that of the animals and plants, â€
